Professional Summary

Software Developer with **6+ years of experience** in web and mobile banking applications. Skilled in **frontend technologies** (JavaScript, HTML, CSS), **REST API consumption**, and **Agile methodologies** (Scrum/Kanban). Passionate about continuous learning, currently improving skills in **React, Express, and MongoDB**, while actively enhancing English proficiency.

Technical Skills

- **Languages & Frameworks:** JavaScript, HTML, CSS, React.js, Express
- **Databases:** MongoDB, SQL (basic: insert, select, update, create table)
- **Tools & Platforms:** Git, Postman, Jira, Visualizer Framework
- **Methodologies:** Agile (Scrum/Kanban), Testing, Debugging

---

Professional Experience

GlobalLogic — La Plata, Buenos Aires
Software Developer | 2018 – 2025

- Developed, tested, and documented banking app features for web and mobile (Android/iOS).
- Resolved bugs and provided production support (hotfixes).
- Gained in-depth knowledge of project-specific technologies and banking business rules.
- Mentored team members on technical and functional topics.
- Actively participated in **Scrum ceremonies**: planning, refinement, daily stand-ups, and retrospectives.

Technologies Used: JavaScript, React.js, Express, MongoDB, HTML, CSS, REST APIs (Postman), SQL, Git, Jira

---

Education

- **Bachelor's Degree in Systems** — Faculty of Informatics, National University of La Plata (2012–2018)
- **High School Diploma** — Natural Sciences, IPEM 326 "Mariano Moreno", Freyre, Córdoba (2011)

Languages

- **Spanish:** Native
- **English:** B2

Projects

TuTurno App — React.js + Express + MongoDB
 Appointment management app for scheduling and tracking appointments
TuTurnoAdmin — React.js + Express + MongoDB
 Admin panel for managing TuTurno appointments
Ta-Te-Ti — React.js
 Classic Tic-Tac-Toe game implemented in React
GIF Expert App — React.js
 Search and display GIFs from Giphy API
Cart App — React.js
 Shopping cart application with basic CRUD functionalities

Highlighted Repositories:

- Shopping Cart — GitLab
- TaTeTi — GitLab
- React GIF Expert App — GitHub
- TuTurnoApp Frontend — GitHub
- TuTurnoApp Backend — GitHub
- TuTurnoAdmin — GitHub

Interests

- Developing personal projects in **React and Angular**
- Continuous improvement of **English proficiency**
- Learning and applying **new web technologies**
